Scott's Thoughts

With time in this session winding down, there are several issues that are moving in Frankfort. Perhaps the most visible has been with the budget. HB 235 was approved by the House 53-46 on March 13. The legislation would authorize over \$20 billion in spending for education, public health, state universities and other needs between 2014 and 2016 while implementing nearly \$100 million in cuts across state government.

New General Fund dollars for HB 235 appropriations would come from a separate revenue Bill, HB 445. That Bill passed the House 53-44 on Wednesday. The legislation would increase General Fund dollars by around \$25.5 million over both years, boost state Road Funds by \$46.5 million in 2015 and 60.8 million in 2016 through a proposed increase in the motor fuel tax and boost restricted funds by at least \$4.5 million.

A Floor Amendment to restrict the implementation of the Federal Affordable Care Act was stopped by a procedural vote. There was also an effort to require the Attorney General's office to cover any state expenses associated with hiring special counsel to appeal the recent federal same sex marriage ruling affecting Kentucky. This effort was also stopped by a procedural vote.

In addition to the Executive Branch budget, the House also approved nearly \$840 million two year Judicial Branch budget found in HB 238 and nearly \$117 million two year legislative branch budget found in HB 253. Each Bill was approved 99-0. All of the Bills go to the Senate for further action and it's safe to say changes will be made.

SB 153 that authorizes the use of pollution prevention fund dollars to match federal funds for the purpose of providing energy efficiency technical assistance passed the Senate 37-0 and has been received in the House and assigned to the Natural Resources & Environment Committee. HB 31 (anti Bluegrass Pipeline Bill) moved somewhat in the House this week with floor amendment (6) filed to the Committee Substitute. The chances of this Bill getting through the Senate is slim and none. HB 388 (carbon dioxide bill) was moving in the Senate. It could show up in the committee in the next week or two. HB 466 has passed the House 93-4. It designates one cent per gallon from a tax on natural gas motor fuels to be paid to an alternative fuel and renewable energy fund and four-tenths of one cent to the financial responsibility account.

Stay tuned. The sprint to the finish of this session will be interesting.
